

## Template resolutions to enter deed of indemnity and/or effect directors' and officers' liability insurance

### User notes

This resolution is intended for use with our template deed of indemnity when a company wishes to indemnify a director for:

- ▲ liability arising from their acts or omissions as a director of the company
- ▲ costs incurred in defending or settling claims brought against them in their capacity as a director of the company,

to the maximum extent allowed under the Companies Act 1993.

This resolution also approves the company effecting directors' and officers' liability insurance in favour of the directors of the company for liabilities and costs incurred in their capacity as a director of the company, to the maximum extent allowed under the Companies Act 1993.

The company may only provide the indemnity and/or take out the insurance contemplated by this resolution if it is expressly authorised by its constitution to do so. The Kindrik Partners template constitution (see the *governance* section of the templates page of our website) includes the required authorisations.

This resolution assumes that directors will sign a written resolution, rather than approve the deed of indemnity and/or the insurance during a meeting. A written resolution must be signed by all directors of the company.

The directors who sign a directors' resolution authorising the company to take out directors' and officers' liability insurance will also need to sign a directors' certificate that complies with section 162(6) of the Companies Act 1993 (the form of which follows below).

The company must update its interests register to record any indemnity given to, or insurance effected for, any director of the company.

The **User Notes** and the statements in the footer below (all marked in red) are included to assist in the preparation of this document. They are for reference only—you should delete all user notes and the statements in the footer from the final form of your document.

The use of [*square brackets*] around black text means that:

- ▲ the requested details need to be inserted
- ▲ there are different options for you to consider within a clause
- ▲ the whole clause is optional and you need to consider whether to include it, based on the company's circumstances and the user notes.

Before finalising your document, check for all square brackets to ensure you have considered the relevant option and ensure that all square brackets have been deleted.

If you delete any clauses, remember to cross reference check the document.
